Subject: Addendum 5 - North Carolina Replacement MMIS Questions and Answers

Dear Mr. Anderson:

This letter provides answers to the questions posed by the Offerors in response to Addendum 4 to RFP 30-DHHS-1228-08-R. The attachments contain these answers as well as a full replacement set of the requirements updates from Addendum 4. The requirements (including an Addendum Statement of Objectives, an Addendum SOO Requirements Matrix, and an Addendum State Requirements Matrix) attached to this letter supersede those in Addendum 4. The State has attached an additional mandatory data item for the Contract Data Requirements List (CDRL). Offerors may propose additional data items, as necessary.

Also attached to this letter is an Execution Page. For the purposes of your Integrated Master Schedule, assume that the Contract award date will be January 21, 2009.

Your Technical Proposal Supplement is due to me by 2:00 PM, August 4, 2008. The description of the required elements of the Supplement remain the same as stated in Addendum 4 with the exception of the maximum page counts for the following elements:

- *Overview for System Solution and Solution for Design, Development, and Installation.* Changes to this subsection may not exceed 50 pages.
- *Proposed Solution for Operations*. Changes to this subsection may not exceed 30 pages.

To assist the State in record-keeping, please include an electronic copy of your 160-slide Oral Presentation from February on each CD copy of the Supplement.

After reviewing the Supplements, the State may choose to negotiate with one or both Offerors. These negotiations may include a short face-to-face discussion as was accomplished previously. Further information will be forthcoming.

For the purposes of order of precedence, this letter and its attachments are considered as “addenda to the RFP” as identified in Section 30.3 of the RFP. The Technical Proposal Supplement is considered a BAFO as identified in Section 30.3 of the RFP.

Thank you for your interest in the State of North Carolina.

Sincerely,

Susan W. Lewis
Assistant Director
