

ICD-10 - There is a code for that...

It's Back to School time, which may not be met with universal enthusiasm by kids. Parents should be on the lookout for complaints of these school related ailments as an excuse for playing hooky.

W45.1 - Paper cut (from homework)

S39.012 - Muscle strain (from backpack)

T56.0X1D - Toxic effect of lead (from pencil)

A05.1 - Food poisoning (from cafeteria)

W27.2 - Contact with scissors (from art class)

F40.240 - Claustrophobia (from school bus)
